projectOUTREACH®

Destination ImagiNation (DI) is an educational after-school program where student teams solve open-ended Challenges and present their solutions at Tournaments.

Our Service-Learning Challenge, projectOUTREACH, empowers youth to make a positive impact on their communities. Here are some highlights of projectOUTREACH teams that made a difference:

- The chopsticks44 team from Bridlemile Elementary in Portland, Ore. created a program to combat school bullying.
- A team from Trophy Club, Texas, created a fundraising campaign that supplied more than 500 iPods and MP3 players for music therapy programs to two children's hospitals in their community.
- The Wilson Word Wrappers team from the Neal Math and Science Academy, North Chicago, IL, taught themselves how to read, and then created a rap song to teach their friends how to read too.
