1. Did the solution match what the team was asked to do in the challenge?
   
   | Not complete. | Finished, but just barely. | Finished with time to spare, and time to rehearse. |

2. Did the team develop a well-organized plan of action to solve the challenge?
   
   | Were disorganized. | Sort of knew what they wanted to do and how. | Jumped right in on a plan and carried it out with flair. |
   | Did not make a plan. | | |

3. Was the team aware of time-management issues and constraints?
   
   | Time flew and team didn’t realize it. | Was aware of the time and tried to use it well. | Monitored time, worked efficiently and had time to think. |

4. Did team members interact and depend on each other?
   
   | They were individuals, wanting own way; dominators. | Looked to each other for ideas and support. | Fed off each other and multiplied the outcome; each felt great at the end. |

5. Did everyone in the Instant Challenge participate?
   
   | A couple of strong voices; others were invisible. | Most participated and added to the challenge. | Each member played a role and was affirmed for it. |

6. Did the team listen and follow directions?
   
   | Not completely; jumped to conclusions and wasted time. | Knew what they had to do; knew what was expected. | Follow to a “T” . . . played the game with confidence! |

7. Was the solution creative/unique?
   
   | Predictable, obvious solution. | Tried to change the obvious to unusual application/outcome. | One-of-a-kind; out-of-the-blue; clever. |

8. How creatively did the team use the materials provided?
   
   | Predictable and expected use of the components. | New twists to some common items. | Off-the-wall uses for items; items showed outstanding skill or knowledge of team members. |
